

EltomNews is a periodical newsletter issued by Eltomation BV, Holland and is provided to its clients, suppliers and other interested parties in the field of the production and applications of wood-cement products.

No. 4, 2006

EltomNews

Eltomation to exhibit at Bauma China 2006, Shanghai, from Nov. 21- 24, 2006.

Eltomation will exhibit at the upcoming Bauma China 2006 Exhibition at the Shanghai New International Expo Centre, to be held from November 21-24th. **Please visit us at booth 1718 in hall E1.**

Special attention will be paid to both WWCB and EltoBoard, which materials are very suitable as a new wall building material, to replace the clay bricks which are banned in China in view of environmental reasons. The Eltomation WWCB Permanent Shuttering System provides for quick and economic construction, providing high thermal insulation and energy savings.

On Thursday, November 23 a **Seminar on the Eltomation Cement Bonded Board technology** will be held at the adjacent Shanghai Lujiazui Century Hotel (time: 15.00 – 17.00). For further info or reservations, please contact us.

Major plant renovation at Jelgava Building Systems Ltd., Latvia.

Eltomation has recently obtained an order for a major plant renovation at Jelgava Building Systems, Ltd. Riga, Latvia. The order encompasses the supply of an Eltomatic CVS-16 Wood Wool Machine, a new Continuous Wood Wool & Cement Weighing and Dosing System and a new Wood Wool Distribution System. The work will be completed in the spring of 2007.
