

Eltomation News

Eltomation to participate at the Mosbuild International Building Exhibition from April 4-7, 2006 in Moscow

The Eltomation management and sales team will be pleased to meet you at our booth at the **Mosbuild International Building Exhibition**, to be held from April 4-7 next at the Expocentre in Moscow.

During this exhibition special attention will be paid to:

- Modern Plants for the production of WWCB
- ELTOMATIC CVS-16 Wood Wool / Wood Strand Machine
- New Wood Strand Cement Board (EltoBoard) production and applications
- Economic Housing Systems with wood cement boards
- Industrial applications of the various wood-cement products.

New orders for ELTOMATIC CVS-16 Wood Wool Machines for Knauf

Eltomation has recently secured additional orders for the supply of two **Eltomatic CVS-16 Rotating Wood Wool machines** to the company Knauf. These machines will be installed at the following WWCB Plants:

- Knauf Insulation, Oosterhout, The Netherlands
www.knaufinsulation.com
- Knauf Fibre, La Cote, France.
www.knauf.fr

These new machines have been developed by Eltomation to replace multiple hand operated wood wool machines with reciprocating sledges. Such new machines are in operation already in the Netherlands, France, Sweden, Austria and South-Korea. During 2006 additional Eltomatics will be installed in China, Germany and Switzerland.
